# WELCOME

Welcome to Hockey Australia's Hookin2Hockey Schools Guide. This guide has been designed to assist teachers, community coaches (from clubs and associations) and approved coaching providers, to deliver Hockey Australia's all-inclusive Sporting Schools Program. The program will help students learn the basic skills of the game, as well as develop fundamental motor skills, and improve their ability to work as part of a team.

## Hookin2Hockey Schools Guide – Philosophy

We believe that Hookin2Hockey Schools will introduce new players to a game that provides fun, friendships and a lifelong love of an iconic Olympic sport, beginning in a school environment.

This program will teach students the basic skills giving them the opportunity to not only fall in love with our game, but providing them with a dream that one day they can represent Australia at the highest level of all, the Olympic Games. The Australian men's and women's teams are among the best teams in the world, giving equal opportunity to both young girls and boys.

### Here are the reasons why everyone loves hockey:

- Player's love of hockey begins in a fun and welcoming environment.
- The basic skills (pushing, receiving, dribbling and stealing) that could take them to the Olympics are learned in this program, through playing modified games.
- Safe practice! None of the skills require the hockey stick to be raised above knee height. This means players are safe throughout the program.
- Skill demonstrations will assist students in copying the movement of each skill. This helps develop skills and enjoyment of the game.
- Hockey is a dynamic game. All the skills are introduced, practised and developed while moving, so there is no standing around!
- The more time and space players have to learn skills the faster they will learn them and the faster they will grow to love hockey.
- Maximise game play; this program is all about the fun that comes with playing small-sided and modified games of hockey.

## Fundamental Rules of Hockey

There are very few rules of the game that need to be administered for the activities in this guide. The two rules outlined below can be officiated as stringently or as leniently as seen fit to suit the age group that is participating in the session and program.

- No feet: The ball is not permitted to come into contact with the players feet. If the ball does touch the players feet then a turn-over will be awarded to the opposition.
- Flat side of the stick: Only the flat side of the stick can be used in hockey. This can again be enforced or not enforced depending on the age of the participant. It is recommended that in younger participants (F-3) this rule is encouraged rather than enforced.

No feet

Flat side only

## Australian Curriculum Glossary

**FUNDAMENTAL MOVEMENT SKILLS:** The foundation movements or precursor patterns to more specialised, complex skills in games, sports, dance, gymnastics and physical recreation activities. They provide the foundation for human movement, competent and confident participation in a range of physical activities. The fundamental movement skills to be developed through Health and Physical Education include:

- **Locomotor and non-locomotor skills** – rolling, balancing, sliding, jogging, running, leaping, jumping, hopping, dodging, galloping, skipping, floating and moving the body through water to safety.
- **Object control skills** – bouncing, throwing, catching, kicking, striking.

**MOVEMENT CONCEPTS AND STRATEGIES:** These provide a framework for enhancing movement performance. Movement concepts (or elements of movement) explored in the curriculum include body awareness; spatial awareness; effort awareness; and relationship to/with objects, people and space. Movement strategies refer to a variety of approaches that will help a player or team to successfully achieve a movement outcome or goal. Movement strategies include moving into space to receive a pass from a teammate or hitting a ball away from opponents to make it difficult to retrieve or return the ball. Different games and sports may require similar activities or goals and will therefore use similar movement strategies to achieve success.

**MOVEMENT CHALLENGES:** Choose movement tasks that require individuals or groups of students to use a problem solving approach to successfully complete a task. The solution can be verbalised, documented or demonstrated physically.

## Tools and tips

# WHEN COACHING CHILDREN, ALWAYS REMEMBER:

- Children's sport should be fun!
- Children need lots of opportunities for unstructured play, a broad range of activities and the opportunity for creativity
- Early sports specialisation is not recommended for young children
  - The social aspects of sport are highly valued by children
- The focus is on skill development and individual improvement, not winning
  - To give all children time and attention, not just the most talented.

## CHILDREN'S CHARACTERISTICS

### CHILDREN'S SOCIAL CHARACTERISTICS

- Concerned with themselves
- Learning social roles and skills
- Learning how to cooperate
- Different cultural and social backgrounds
- Learning how to cope with winning and losing

### COACHES

- Promote cooperation, teamwork and fair play during activities
- Reinforce the contribution all children make to the group
- Provide a supportive environment and show sensitivity to individual differences

### CHILDREN'S LEVEL OF UNDERSTANDING

- Learning the best way to do things
- Unable to process a lot of information at once
- Do not do things automatically

### COACHES

- Use role models to demonstrate good performance
- Introduce one thing at a time, keep instructions and questions short and simple
- Allow time for children to absorb information and practice skills

### CHILDREN'S PHYSICAL CHARACTERISTICS

- Very active
- Lack fine motor control
- Develop at different rates and any group may have both early and late developers
- Have different levels of ability
  - Growing rapidly
- Less tolerant of heat and cold

### COACHES

- Plan a variety of activities
- Allow time to learn skills
- Cater for varying ability levels
- Be aware that growth periods will alter a child's coordination and skills
- Ensure children wear adequate clothing drink enough fluids

### CHILDREN'S PERSONALITY CHARACTERISTICS

- Easily motivated
- Wide range of reasons for playing sport
- Sensitive to criticism and failure
- Short attention span

### COACHES

- Listen to what the children say
- Be positive and compliment the effort and parts of the skill that were performed correctly
- Maintain interest with a variety of activities, maximum participation and limited talk

# INCLUSIVE COACHING

Good coaches adapt and modify aspects of their coaching to create an environment that caters for individual needs, allowing everyone to take part and experience success within the activity. The onus of inclusion rests with the coach.

Many people think that you need special skills or knowledge to coach participants with a disability. This is not the case. The basic skills of good coaching, when applied with an inclusive philosophy, will ensure that all participants including people with disability can participate.

## QUALITIES AND SKILLS OF AN INCLUSIVE COACH

QUALITIES	ATTRIBUTES
PATIENCE	RECOGNISING SOME PARTICIPANTS WILL TAKE LONGER TO DEVELOP SKILLS OR MAKE PROGRESS THAN OTHERS
RESPECT	ACKNOWLEDGING DIFFERENCE AND TREATING ALL PARTICIPANTS AS INDIVIDUALS
ADAPTABILITY	HAVING A FLEXIBLE APPROACH TO COACHING AND COMMUNICATION THAT RECOGNISES INDIVIDUAL DIFFERENCES
SKILLS	ATTRIBUTES
ORGANISATION	RECOGNISING THE IMPORTANCE OF PREPARATION AND PLANNING
SAFE PRACTICES	ENSURING EVERY SESSION, WHETHER WITH GROUPS OR INDIVIDUALS, IS CARRIED OUT WITH THE PARTICIPANTS' SAFETY IN MIND
KNOWLEDGE	UTILISING KNOWLEDGE OF TRAINING ACTIVITIES AND HOW TO MODIFY THEM IN ORDER TO MAXIMISE THE POTENTIAL OF EVERY PARTICIPANT

## PLANNING FOR INCLUSION

When preparing a coaching program, examine what, if anything, needs to be adapted or modified. Two strategies coaches can use when planning and conducting activities are TREE and CHANGE IT. By modifying the factors listed, coaches can meet the individual needs of the participants.

## CHANGE IT

## EXAMPLE

C	COACHING STYLE	DEMONSTRATIONS, USE OF QUESTIONS, ROLE MODELS, VERBAL INSTRUCTIONS
H	HOW TO SCORE	RULES
A	AREA	SIZE, SHAPE OR SURFACE OF THE PLAYING ENVIRONMENT
N	NUMBERS	NUMBER OF PARTICIPANTS INVOLVED IN THE ACTIVITY
G	GAME RULES	NUMBER OF PUSHES OR TRAPS
E	EQUIPMENT	SOFTER OR LARGER BALLS, WITH OR WITHOUT HOCKEY EQUIPMENT
I	INCLUSION	EVERYONE HAS TO TOUCH THE BALL BEFORE THE TEAM CAN SCORE
T	TIME	'HOW MANY ... IN 30 SECONDS?'

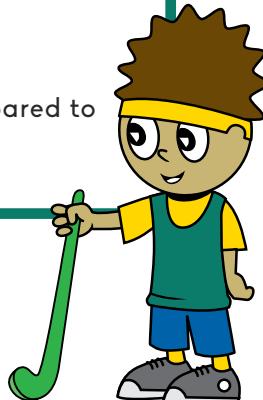

## SPORTS CONNECT

Coaches looking at furthering their knowledge in inclusive coaching can contact their sport or attend Inclusive Coaching Workshops as part of Sports CONNECT Education.

For more information visit: [ausport.gov.au/disability](http://ausport.gov.au/disability)

### TIPS FOR COACHES WORKING WITH PARTICIPANTS WITH DISABILITY

- The basic principles of coaching apply when coaching participants with a disability.
  - Accept each participant as an individual.
- Ask the participant what they are able to do; the needs, strengths and weaknesses of individuals will differ.
  - Assess each participant's aspirations, needs and ability, and plan a training program accordingly.
- Understand how the impairment (disability) affects the participant's performance; it is not necessary to acquire extensive knowledge of the disability.
  - Set realistic and challenging goals as you would for all participants.
- Be aware of the risks associated with all participants in your care, and be prepared to deal with emergencies should they arise.

# WHAT IS HOOKIN2HOCKEY SCHOOLS?

While the program is designed for primary school students, the skills and games can be adapted to suit any group of students across any age bracket. Suggestions are included to help teachers and coaches to **CHANGE IT** to modify activities depending on students abilities.

The session plans in this guide are easy to understand and simple to deliver, supporting teachers, community coaches or endorsed coaching providers to deliver an eight week hockey program with ease. Each session is designed to be of 1 hour duration, but can be modified as needed. A series of questions for students and fun facts are included to help increase student engagement with the sport and the sessions.

## HOW TO USE THE SESSION PLAN

**SESSION ONE** **Skill** **PUSHING AND RECEIVING**

**Australian National Curriculum Code**

**Question:** How many players are on each team in field Hockey?  
**Answer:** 11, in Indoor Hockey there are 6.

# SESSION 1

## **Session 1: Learning the basic skills**

- The goal of the first session is to teach players the basic skills they require to play small sided games of hockey.
- They will be exposed to a number of skills this session which should be practised while the players are on the move.  
This session has a large amount of content, the games at the end are optional in this session as teaching the players the basic skills is important for the rest of the program.

# PIRATE SHIP

SESSION  
ONE

Order of activity in this session: # 1

Recommended Duration: 5 mins

COMMAND	ACTION	CHANGE IT:	ANC CODE
<b>MAN THE LIFE BOATS</b>	Call out a number (eg. 4) and the children have to get into groups of four and 'row' their lifeboat.		
<b>SCRUB THE DECKS</b>	Children crouch down and pretend to clean the floor with their hands.		
<b>CAPTAINS COMING</b>	Children salute		
<b>WALK THE PLANK</b>	Children walk in a perfectly straight line one foot exactly in front of the other with arms outstretched to the sides.		
<b>BOOM COMING OVER</b>	Teacher makes action of boom moving across the deck. Children must duck down to avoid being hit.		
<b>HIT THE DECK</b>	Children lie down on their stomachs as quickly as possible.		
<b>DIRECTIONS</b>	Children all run in the direction that is called by the Captain.		
<b>PEG LEG JAM</b>	The children all have to walk with one leg straight and the other normally.		
		<b>CHANGE IT:</b>

# DRIBBLING

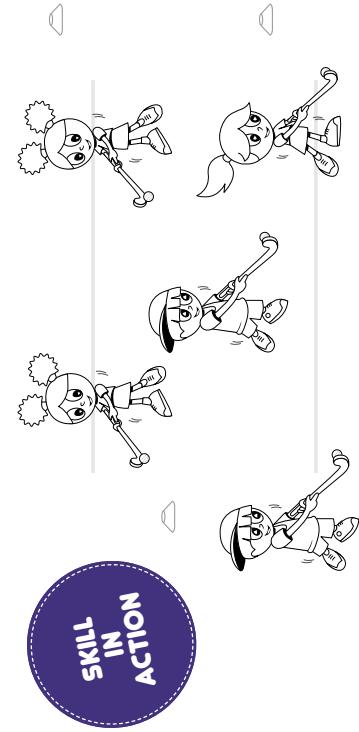

SESSION  
ONE

Order of activity in this session: # 2

Duration of activity: 10 minutes

<p>Left to right drag: Right hand 1/3 down the stick. Left hand at the top of the stick, with the hand held so the player can "tell the time" on their left wrist with the stick facing forward.</p> <ul style="list-style-type: none"> <li>With the ball in front and outside the right foot, the player drags the ball across their body at a 45-degree angle till it is outside their left foot. To stop the ball and begin to drag it back to outside their right foot, the player turns the stick head over the ball with their left hand while loosening the grip of their right hand. The Player drags the ball at a 45-degree angle across their body till it is outside their right foot. To stop the ball the player returns the stick to the normal dribbling position.</li> </ul>	<p>ANC CODE</p> <ul style="list-style-type: none"> <li>ACMPF 045</li> <li>ACMPF 063</li> <li>ACMPF 029</li> </ul>
---	---

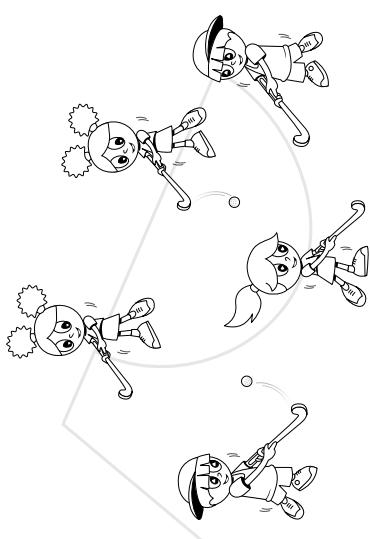

Question: At which Olympic Games did Australia win its first Men's Hockey Gold medal? Answer: Athens, 2004.

## PUSHING AND RECEIVING

SESSION  
ONE

*Skill*

Order of activity in this session: #3 Recommended Duration: 10 mins

**SKILL  
IN  
ACTION**

- The stick should stay on the ball during a push i.e. no backswing.
- The right hand should be 1 / 3 of the way down the stick.
- The pushing action is like an underarm throw.
- Walk around a large, open space pushing the ball in two's or three's. The stick face should be at 90 degrees to the direction of the ball when receiving/trapping.
- Receiving is ideally a "one touch" movement with the ball remaining on the stick face.
- The ball should be cradled when trapping, like catching an egg.

**ACTIVITY**

Players move in pairs passing the ball between them.

**CHANGE IT:**

- Pair's change to groups of three.

- Players can jog or run while passing and receiving.

- Can be done while stationary.

**ANC CODE**

ACPMPP 045

ACPMPP 063

ACPMPP 029

**CHANGE IT:**

- Allow running rather than walking.

- Add a goal for the ball carrier to dribble the ball through.

- Use cones for the ball carrier to dribble around, rather than another player stealing.
- Don't use hockey equipment, practice by running or walking.

**ANC CODE**

ACPMPP 045

ACPMPP 061

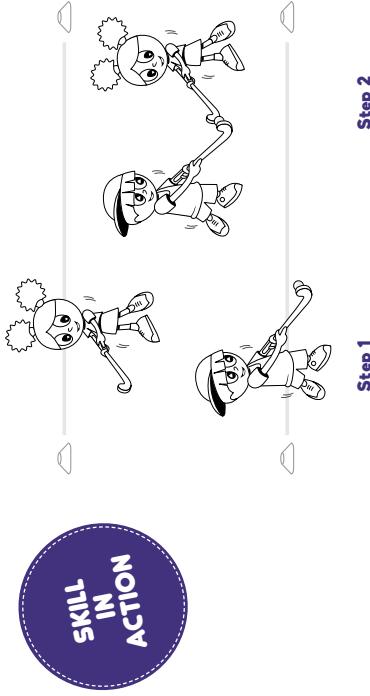

ACPMPP 027

## BEATING AN OPPONENT 1v1

SESSION  
ONE

*Skill*

Order of activity in this session: #4 Recommended Duration: 5 mins

**SKILL  
IN  
ACTION**

Step 1

Step 2

- Using common 1 v 1 concepts from games such as British Bulldog players try to move past their opponent with the ball.
- The ball carrier should move on angles to change the position of the opponent, then when the opponent begins to follow they should dribble the ball at 45 degrees the other way.

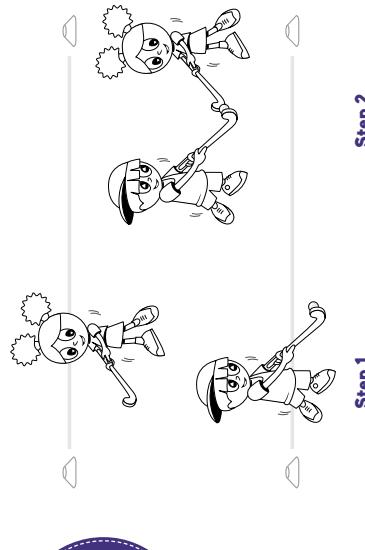

**ACTIVITY**

- One player starts with the ball, the other player stands opposite them trying to steal the ball.
- Should be done at walking pace to allow players to understand the required movements.

**Question:** How many players are on each team in field Hockey? Answer: 11, in Indoor Hockey there are 6.

## SESSION ONE Skill STEALING FROM AN OPPONENT

Order of activity in this session: # 5 Duration of activity: 5 minutes

Step 1

- Players will learn how to steal the ball from an opponent. This is an important skill to learn so they can steal the ball without swinging the stick dangerously. The rules do not allow the opponent's stick or the opponent to be touched when tackling.

### ► PRACTICE

- While a player is dribbling forward with the ball an opponent steals it by keeping two hands on the stick and taking the ball by reaching in without hitting the opponents stick or body.
- This should be done at walking pace with no resistance from the player dribbling the ball at first.
- For this activity, both players should be moving in the same direction. The stealer will be coming from behind the ball carrier.

There are two basic steals:

- from the right side of the opponent
- Takeover steal (from the left side of the opponent)

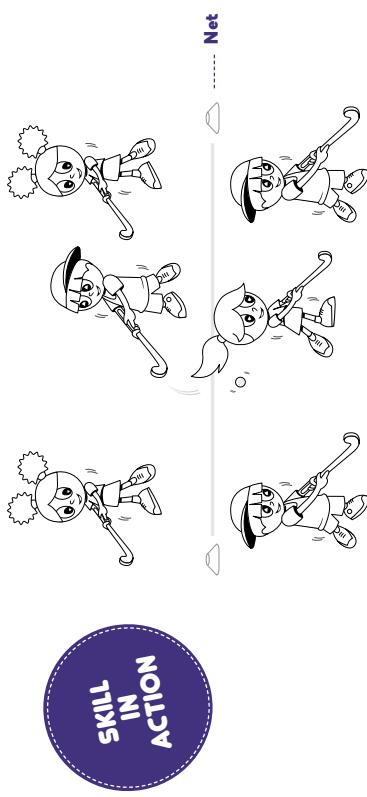

### CHANGE IT:

- Allow jogging rather than walking
- Add resistance from the ball carrier
- Only practice right side steals, not takeover steals.

**Fact:** The Australian Women's Hockey team first competed in the Olympic Games in 1984, finishing 4th.

## SESSION ONE Game HOCKEY TENNIS

Order of activity in this session: # 6 Duration of activity: 10 minutes

- Set up a field that fits 3 players on each side of a line in the middle.
- One team starts with the ball on their side.
- Each team must try and push the ball over the other team's base line. If the ball goes over the sideline, the ball is taken from where it went over the line.
- The team who pushes the ball past the other team over the base line gets one point, the first team to 5 points wins the game.

### CHANGE IT:

- Players can be put into zones to spread them out, making it harder/easier to score points
- There can be more players added to each team
- The field can be made bigger or smaller. To ensure there is enough room to receive the ball and for teams to score.

### ANC CODE

- ACMPM 050
- ACMPM 065
- ACMPM 029

# HOOKIN' HOCKEY

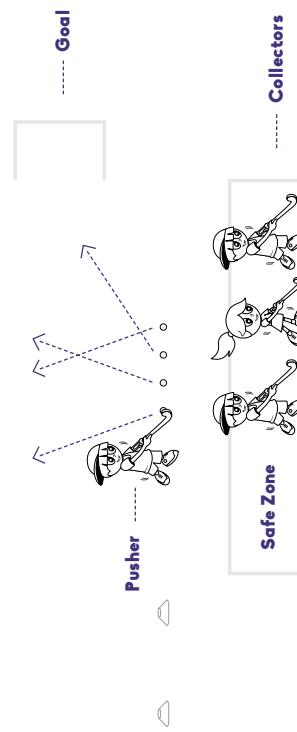

16

## RAPID FIRE

SESSION  
ONE  
**Game**

Order of activity in this session: #7 Duration of activity: 10 minutes

SKILL  
IN  
ACTION

- Set up four balls in a straight line facing the playing field.
- One player is the firer, with 4-5 players being the chasers. The firer pushes the balls into the field and begins to run around two cones that are set out to the side of the field.
- Once all four balls have been fired, the players from the safe zone must collect the balls and pass them into a goal.
- The firer's score is how many times they run around the cones before all four balls are pushed into the goal.

## CHANGE IT:

- Number of chasers can be increased.

- Number of balls to be fired can be decreased.
- Number of chasers can be decreased.

## ANC CODE

ACPMP 050

ACPMP 067

ACPMP 030

# SESSION 2

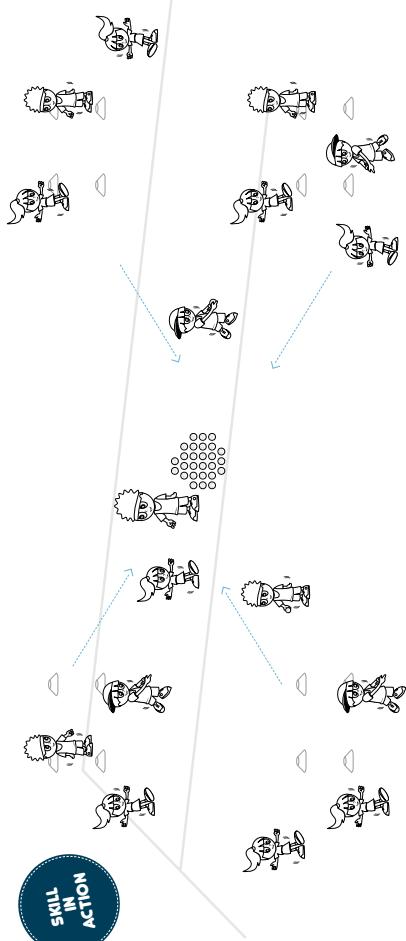

## **Session 2: Dribbling**

- This session will further develop the skills that were learned in session 1.

## SESSION TWO *Warm Up*

## ROB THE NEST (NO STICKS)

**Order of activity in this session: #1**  Duration of activity: 5 minutes

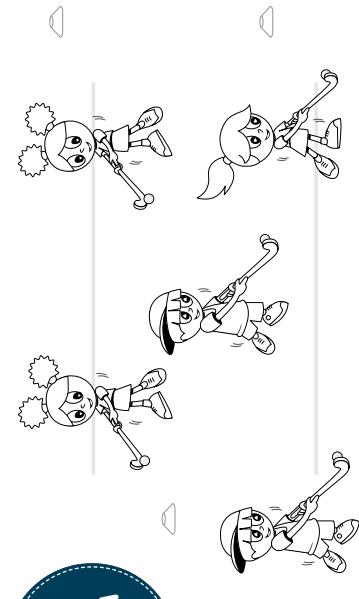

### SKILL IN ACTION

## SESSION TWO *Skill*

## Dribbling

**Order of activity in this session: #2**  Duration of activity: 10 minutes

### SKILL IN ACTION

- Set up a field with all the hockey balls in the middle; the balls start in the nest.
- On each corner of the field have a team of 3-4 players, have a small box made of cones that will be each team's home
- One at a time a player from each group runs to the nest to pick up a ball, returning it to their team's home.
- Once all the balls are gone, the team with the most balls in their home is the winner.
- In this activity there should be a minimum of 20 balls in the nest.

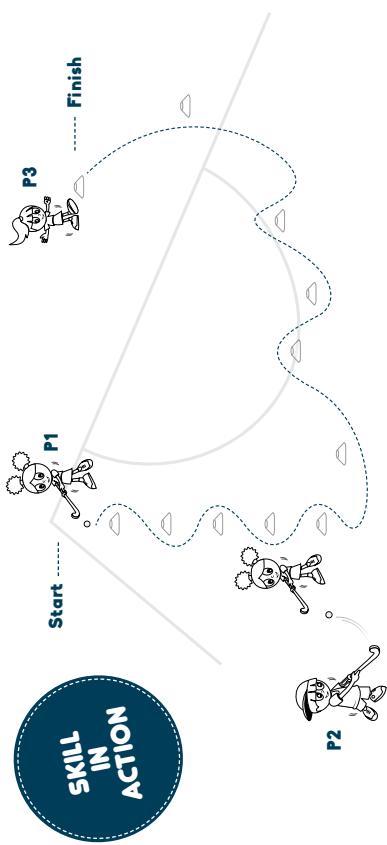

- Left to right drag: Right hand 1/3 down the stick. Left hand at the top of the stick, with the hand held so the player can "tell the time" on their left wrist with the stick facing forward.
- With the ball in front and outside the right foot, the player drags the ball across their body at a 45-degree angle till it is outside their left foot. To stop the ball and begin to drag it back to outside their right foot, the player turns the stick head over the ball with their left hand while loosening the grip of their right hand. The player drags the ball at a 45-degree angle across their body till it is outside their right foot. To stop the ball the player returns the stick to the normal dribbling position.

CHANGE IT:	ANC CODE
<ul style="list-style-type: none"> <li>Players to move around an area while dribbling the ball.</li> <li>Players can jog or run while dribbling.</li> </ul>	ACMPF 043

<ul style="list-style-type: none"> <li>N/A</li> </ul>	ACMPF 029

**Fact:** Hockey had offside (just like soccer) until 1992 where the rule was taken out of the game.

## SESSION TWO Game SKILLS CHALLENGE

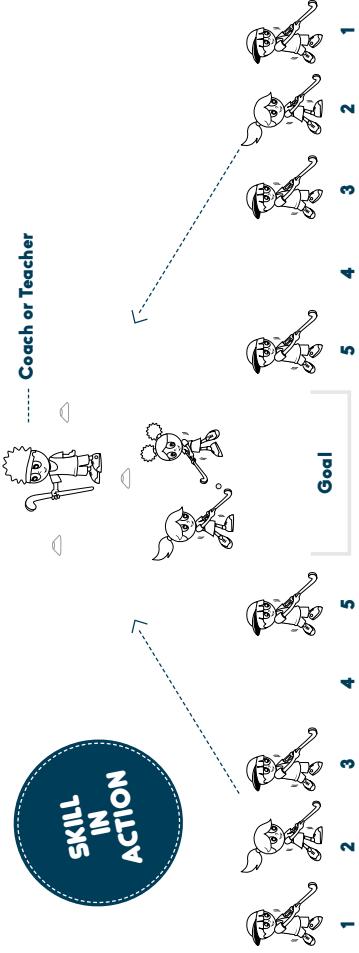

Order of activity in this session: #3 Duration of activity: 15 minutes

**SKILL IN ACTION**

## SESSION TWO Game FRUIT SALAD

Order of activity in this session: #4 Duration of activity: 15 minutes

**Coach or Teacher**

**Team 1**

**Team 2**

**Goal**

- Players are put into two teams of five. They line up either side of a goal, along the backline.
- Each player is given a number from 1-5.
- The teacher calls out a number and rolls the ball between the two players.
- Once the ball has been rolled out, the players called run to get the ball.
- Both players must try and push the ball into the goal. One point is awarded to the player who pushes the ball into the goal.
- The team who scores five goals first is the winner.

### CHANGE IT:

#### ANC CODE

Add or take away obstacles from the course.

ACPMF 049

• Complete course without hockey equipment, the ball can be carried and then thrown between players.  
• N/A

• N/A

ACPMF 027

**Fact:** For a goal to be scored in Hockey a player from the attacking team must touch the ball inside the 16 yard circle. 20

# SESSION 3

## **Session 3: Passing and Stealing**

- This session will further develop the skills learned in session 1. Passing (Pushing in Session 1) will be practised while moving in this session.
- Players will also learn how to steal the ball from an opponent. This is an important skill to learn so that they can take the ball without swinging the stick or hitting an opponent's stick or body.

# PIRATE SHIP

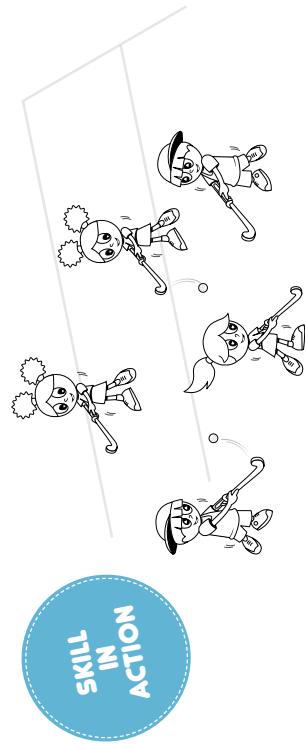

SESSION  
THREE

Order of activity in this session: #1 Duration of activity: 5 minutes

COMMAND	ACTION
<b>MAN THE LIFE BOATS</b>	Call out a number (eg. 4) and the children have to get into groups of four and 'row' their lifeboat.
<b>SCRUB THE DECKS</b>	Children crouch down and pretend to clean the floor with their hands.
<b>CAPTAINS COMING</b>	Children salute.
<b>WALK THE PLANK</b>	Children walk in a perfectly straight line one foot exactly in front of the other with arms outstretched to the sides.
<b>BOOM COMING OVER</b>	Teacher makes action of boom moving across the deck. Children must duck down to avoid being hit.
<b>HIT THE DECK</b>	Children lie down on their stomachs as quickly as possible.
<b>DIRECTIONS</b>	Children all run in the direction that is called by the Captain.
<b>PEG LEG JAM</b>	The children all have to walk with one leg straight and the other normally.

Order of activity in this session: #2 Duration of activity: 10 minutes

SESSION  
THREE

Order of activity in this session: #2 Duration of activity: 10 minutes

<b>PASS:</b> The stick should stay on the ball during a push i.e. no backswing.
• The right hand should be 1/3 of the way down the stick.
• The pushing action is like an underarm throw.
• Walk around a large, open space pushing the ball in pairs or threes.
<b>Dribbling:</b> • Left to right drag: Right hand 1/3 down the stick. Left hand at the top of the stick, with the hand held so the player can "tell the time" on their left wrist with the stick facing forward.
With the ball in front and outside the right foot, the player drags the ball across their body at a 45-degree angle till it is outside their left foot. To stop the ball and begin to drag it back to outside their right foot, the player turns the stick head over the ball with their left hand while loosening the grip of their right hand. The player drags the ball at a 45-degree angle across their body till it is outside their right foot. To stop the ball the player returns the stick to the normal dribbling position.

## SESSION THREE

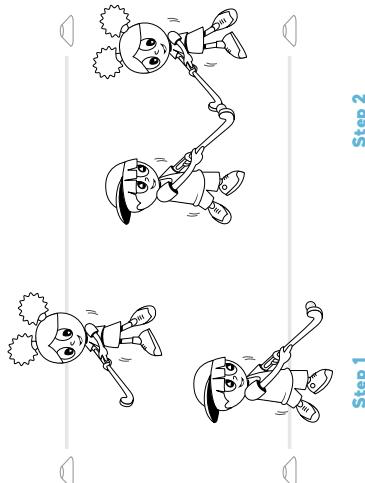

## PROTECT THE NEST

**Game**

SESSION  
THREE

Order of activity in this session: #3

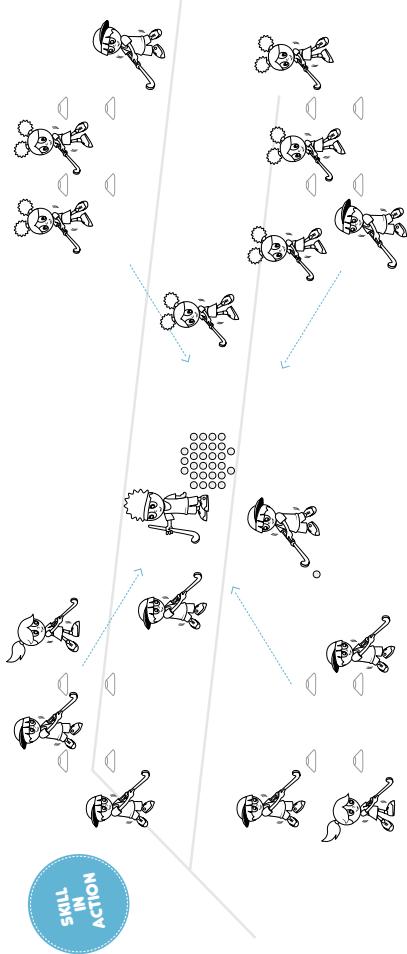

Duration of activity: 15 minutes

**SKILL  
IN  
ACTION**

Order of activity in this session: #4

Duration of activity: 15 minutes

**SKILL  
IN  
ACTION**

- Players will learn how to steal the ball from an opponent. This is an important skill to learn so they can steal the ball without swinging the stick dangerously. The rules do not allow the opponent's stick or the opponent to be touched when tackling.

### PRACTICE

- While a player is dribbling forward with the ball an opponent steals it by keeping two hands on the stick and taking the ball by reaching in without hitting the opponents stick or body.
- This should be done at walking pace with no resistance from the player dribbling the ball at first.
- For this activity, both players should be moving in the same direction. The stealer will be coming from behind the ball carrier.

There are two basic steals:

- from the right side of the opponent
- Takeover steal (from the left side of the opponent)

**CHANGE IT:**

**ANC CODE:**

ACMPM 045

ACMPM 030

- In the middle of the field set up a nest with the hockey balls in it.
- On each corner of the field have a team of 3-4 robbers. In the middle there should be 2 protectors.
  - The robbers must run from their home to the nest and attempt to take 1 ball at a time.
  - The protectors try and steal the ball from the robbers while they are on their way back to their home.
  - If a robber successfully makes it back to their home they keep the ball.
  - If a protector steals the ball it is returned to the nest and the robber returns home and swaps with the next member of their team.

**Question:** What are the Men's and Women's Hockey teams called?  
**Answer:** The Men's team is called the Kookaburras and the Women's team is called the Hockeyroos

# HOOKING HOCKEY

## SESSION THREE

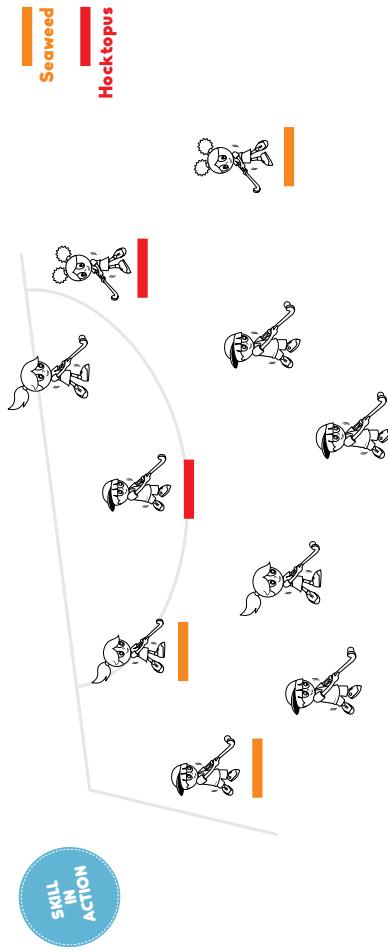

THREE

Order of activity in this session: # 5

Duration of activity: 15 minutes

- Played on a narrow field, select 2 'Hocktopus' to be mobile stealers.
- The rest of the player's line up at one end of the field, each player has a ball.
- The players must dribble the ball to the other end of the field, while the Hocktopus try and steal the ball from them. Once a player has had their ball stolen they become seaweed.
- Seaweed are stationary stealers, they can try and steal the ball from the players but are not permitted to move while doing so.
- The last player to have their ball stolen by either the Hocktopus or seaweed is the winner.

CHANGE IT:	ANC CODE
• Make the area larger or smaller	ACPMF 050
• Add extra Hocktopus	ACPMF 063
• Take away Hocktopus	ACPMF 029

# SESSION 4

## **Session 4: Game Focus**

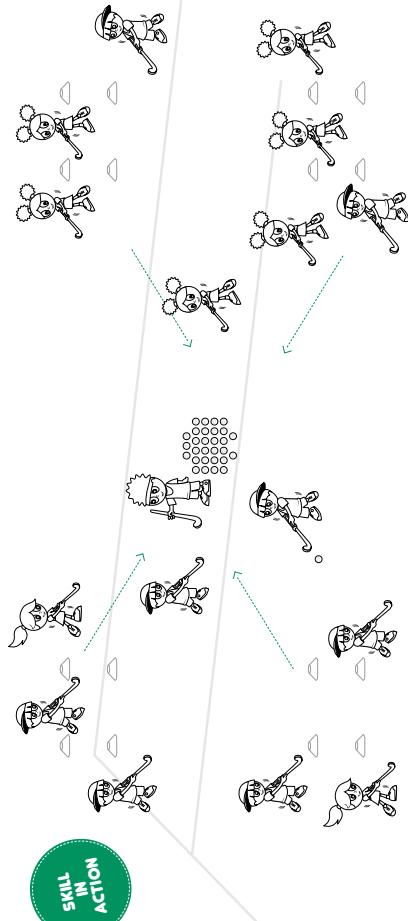

- With many of the skills having been learned, sessions will become more focused on playing games which will help develop the skills further.

## SESSION FOUR

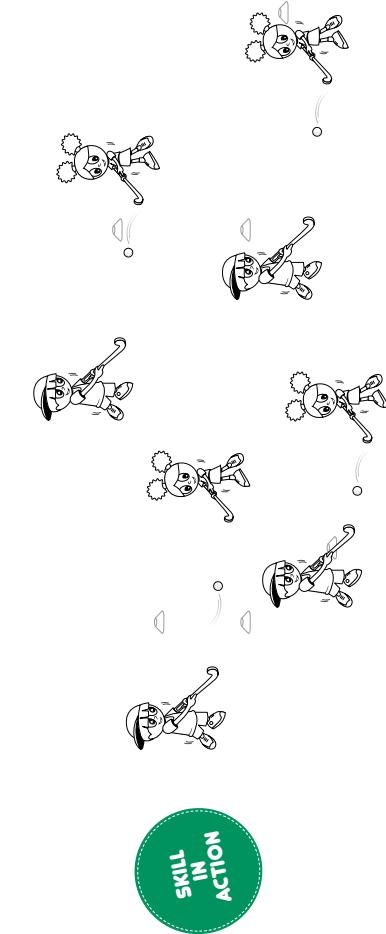

# ROB THE NEST [STICKS & BALLS]

Order of activity in this session: # 1 Duration of activity: 5 minutes

Order of activity in this session: # 2 Duration of activity: 10 minutes

SESSION FOUR

## PUSHING [COACH WITH RECEIVING]

Order of activity in this session: # 2 Duration of activity: 10 minutes

- The stick should stay on the ball during a push i.e. No backswing.
- The right hand should be 1/3 of the way down the stick.
- The pushing action is like an underarm throw.
- All participants get into pairs.
- Set up 5-6 cones spaced evenly over the width of a field.
- The pair must move from one side to the other passing between the cones
