3. About the Local Para Champions grant program

Local Para Champions is an Australian Government initiative designed to provide financial assistance for participants aged 12 to 24 attending an eligible state/territory, national or international championships, where the championship is specifically for athletes with a disability. A total of \$500,000 is available in the 2023-2024 financial year.

The Australian Government recognises that junior sportspeople, and their families, find it difficult to meet ongoing costs associated with participating in state/territory, national and international sporting championships. The LPC program aims to support these junior sportspeople to participate in eligible sporting championships and reduce the financial burden on families involved in these competitions.

In addition to athletes with disability, the LPC program supports coaches, officials and other distinct support roles, such as guides and assistants who enable the sportsperson to participate.

3.1 Program objectives

The objectives of the LPC program are to:

- provide financial support to junior sportspeople to assist with the costs associated with competing in events for athletes with a disability at the elite or sub elite level
- provide financial support to families so that financial considerations are not a barrier for junior sportspeople to continue participating in sport
- acknowledge the importance of support staff that enable and enhance the experience of participation for junior athletes with a disability

All applications will initially be assessed by the ASC against the eligibility criteria.

If applications exceed the level of available funding, eligible applications will proceed to assessment by the ASC against the selection criteria as follows.

Eligible applications will be assessed and grants will be allocated, on a local area basis to facilitate a geographic spread of funding based on the overall number of applications received and the number of grants available.

Applications within a local area will be ranked in order of priority for funding, by applying each of the following criteria in order:

1. Applicants with a disability – Applicants with a disability will be prioritised above able-bodied applicants.
2. Level of competition – International events will be prioritised above National events and National events will be prioritised above State events.
3. Distance travelled – Applicants required to travel a greater distance to their competition will be prioritised. Special consideration may apply to applicants from the same local area who are attending the same competition.

11.2 Grant approval

They will make the final decision as to the grant recipients and funding amounts, after considering the recommendations from the assessment process and the availability of grant funds for the purpose of the LPC program.

Please note that anticipated high demand and the limited total funding available for this Program, may see unsuccessful applications through the grant approval process.

12. Notification of application outcomes

If successful, you will be notified of the outcome by the ASC and potentially by your local Federal Member of Parliament. The ASC will advise you of any special conditions attached to the grant including Terms and Conditions and timeframes for payment.
