## 1.1 INTRODUCTION

These guidelines contain information for Sporting Schools grants.

You must read this document before applying for a grant.

This document sets out:

- the purpose of the grant program
- the eligibility criteria
- eligible grant costs
- how grant applications are assessed and selected
- how schools are notified and receive grant payments
- how schools will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

This grant program and process will be administered by the Australian Sports Commission (referred to in these guidelines as Sport Australia).

A glossary of key terms used in these guidelines is provided in Section 14.

## 2. ABOUT THE GRANT PROGRAM

Sporting Schools is an Australian Government initiative designed to help schools increase children's participation in sport and connect them with community sporting opportunities.

As Australia's largest school-based sports participation program, Sporting Schools has funded over 8,000 schools since commencing in 2015. This has provided more than 10 million participant opportunities to get students active, engaged and having fun while sampling a variety of different sports. Sporting Schools programs are provided to children at no cost to their families.

Sporting Schools offers grant opportunities for primary schools, and targeted grant opportunities for secondary schools in relation to year 7 and 8 students. Eligible schools can apply for a grant each term.

Grants support the delivery of sport-based programs to help students build the confidence and capability to be active for life. Sport Australia has partnered with more than 35 national sporting organisations (NSOs) to facilitate delivery of Sporting Schools programs.

The objectives of Sporting Schools are to:

- improve children's fundamental movement skills to encourage lifelong participation in physical activity
- increase awareness of the value of sport in schools

- engage children in high quality sporting programs
- connect children with sport in their local community
- develop the capability and capacity of sport to drive nationwide participation growth.

The additional objectives for the targeted, secondary school component of Sporting Schools (for students in years 7 and 8) are to:

- **Tackle the decline in sport participation that occurs during adolescence.** We seek to do this by targeting secondary students aged 12–14, particularly girls, encouraging long-lasting relationships with sport.
- **Increase physical activity in areas with large cohorts of inactive students.** National data tells us that only one in ten Australian secondary school students get the recommended 60 minutes of physical activity every day of the week. The targeted secondary school (years 7 and 8) program provides sporting activities designed to motivate and spark the interest of these students.
- **Provide access to tailored resources for schools where there is evidence of disadvantage.** Studies show that areas of social disadvantage can often link to large groups of inactive youth. By providing funding and additional resources, the program aims to reduce the barriers these schools face.

## 3. GRANT PERIODS AND GRANT AMOUNTS

The Australian Government announced \$40.8 million for the Sporting Schools program for 2022, with grants distributed throughout the year. Each school term represents a separate funding period.

Eligible schools can apply for a grant for each school term.

## 5. WHAT THE GRANT MONEY CAN BE USED FOR

### 5.1 DELIVERY OF SPORTING SCHOOLS PROGRAMS

Sport Australia has partnered with more than 35 national sporting organisations (NSOs) to deliver Sporting Schools programs. The partner NSOs are the recognised peak bodies and custodians of their respective sports in Australia. The partnership with NSOs is pivotal because of:

- the NSOs' ability to nationally deliver a consistent and quality experience for program participants
- the selected NSOs' ability to leverage their aligned workforce across Australia
- the selected NSOs' and their aligned organisations' ability to allow participants to move from the Sporting Schools program into their sport's community sport offering to facilitate ongoing participation.

The partner NSOs are listed on the [Sporting Schools website](#).

Each NSO has their own workforce model, which may include state sporting organisations (SSOs) and/or NSO-nominated providers and coaches who deliver the partner NSOs' products.

Partner NSOs also provide quality delivery resources and professional development for teachers to support teacher delivery.

### 5.2 ELIGIBLE GRANT ACTIVITIES

Sporting Schools funding is provided to schools to deliver free Sporting Schools programs before, during or after school, within the approved funding period (school term).

Schools can engage an NSO partner sport to deliver a sport package/s or book a teacher delivered package, with bookings made via the online booking system.

A minimum of four sessions of between 45–60 minutes must be delivered to each student (or equivalent 3–4 hours of intensive program delivery where required).

Schools must maintain 'duty of care' responsibilities and ensure appropriate supervision ratios are met.

The parameters describe the requirements of Sporting Schools activities and are summarised in Section 10.1. The [parameters](#) and [terms and conditions](#) are available on the Sporting Schools website.

### 5.3 SUPPORTED COSTS

The Sporting Schools [spending fact sheet](#) outlines supported and unsupported costs.

Examples of supported costs include:

- payments to NSO partner sports, SSOs, NSO-nominated providers and coaches for the delivery of products and services under Sporting Schools

- purchase of equipment required to deliver an NSO partner sport program
- payment to a teacher for supervision or coaching outside their normal paid work hours at the school
- required travel expenses to the delivery location of an NSO partner sport program
- hire of a facility outside the school property for delivery of programs
- payment for teacher professional development to enable delivery of an NSO partner sport program.

Schools are required to acquit their grant at the completion of each funding period and may be subject to audit.

### 5.4 GRANT ACTIVITIES NOT SUPPORTED

Sporting Schools grants cannot be used for:

- delivery of programs outside the approved funding period (school term)
- delivery of programs where children/families are charged to participate
- delivery of existing sport and physical education programs
- programs delivered during weekends and/or school holidays.

### 5.5 COSTS NOT SUPPORTED

Examples of costs not supported for Sporting Schools include but are not limited to:

- expenses incurred prior to grant approval or outside the approved funding period (school term)
- payments to non-NSO partner sports
- any expenses in relation to school carnivals, interschool sport, representative sport, competitions, or gala days
- purchase of uniforms and apparel
- purchase of equipment outside what is required to deliver an NSO partner sport program
- expenses associated with meeting duty of care requirements, including first aid kits/duty officer, sunscreen, water bottles and shade shelters
- hire of school owned equipment or property to deliver programs
- purchase of electronic items or devices
- installation of permanent infrastructure
- catering and food.

Please refer to the [spending fact sheet](#) for more information on supported costs.

The examples provided are not exhaustive. If schools require clarification, please contact the Client Support Centre on 1300 785 707.

## 6. ASSESSMENT CRITERIA

Eligible applications for primary school funding and secondary school funding will be assessed separately against the relevant assessment criteria.

### 6.1 PRIMARY SCHOOL FUNDING

In the event that (as anticipated), applications exceed the level of available funding, applications will be ranked in order of priority for funding, by applying each of the following criteria in order:

1. schools which have received the least number of Sporting Schools grants over the past four terms will be given priority
2. schools which propose engaging a higher proportion of their school population will be given priority
3. schools which submit their application earlier in the application period will be given priority over later applications.

### 6.2 SECONDARY SCHOOL FUNDING

Schools must address the following two criteria in their application. Applications will be assessed based on the weighting given to each criteria.

#### CRITERIA 1 — REACHING THE TARGET DEMOGRAPHIC (50%)

This will be demonstrated by:

- planning to deliver a targeted program for secondary schools that provides access to tailored resources and support for students in years 7 and 8
- planning to deliver a program focused on girls, which addresses the barriers preventing teenagers from participating in sport.

#### CRITERIA 2 — MEETING PROGRAM GOALS (50%)

This will be demonstrated by:

- tackling the decline in sports participation that occurs during adolescence, targeting secondary students aged 12–14, particularly girls, encouraging long-lasting relationships with sport
- increasing physical activity in areas with large cohorts of inactive students.
- motivating and sparking the interest of year 7 and 8 students
- providing access to tailored resources for schools where there is evidence of disadvantage. Studies show that areas of social disadvantage can often link to large groups of inactive youth.

## 8. THE GRANT SELECTION PROCESS

Your application will be considered through an open competitive grant process.

Applications will be assessed for eligibility by Sport Australia.

If the selection process identifies unintentional errors in your application, you may be contacted to correct or explain the information.

Eligible applications will then proceed to assessment against the relevant assessment criteria, for primary school funding or secondary school funding as applicable. The assessment process will be undertaken by Sport Australia staff in each case.

### 8.1 PRIMARY SCHOOL FUNDING

To ensure equal access to primary school funding, applications are prioritised for funding by applying the assessment criteria. Applications are then ranked and may be recommended for funding (subject to availability).

### 8.2 SECONDARY SCHOOL FUNDING

Secondary school applications are assessed through a competitive process. The assessment panel will consider each application on its merits based on how well it satisfies the assessment criteria. Applications are then ranked and may be recommended for funding (subject to availability).

### 8.3 WHO WILL APPROVE GRANTS?

The grant approver is the Director, Sporting Schools.

The Director's decision is final in all matters, including:

- the approval of the grant
- the grant amount to be awarded
- the terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

## 9. NOTIFICATION OF APPLICATION OUTCOMES

Sport Australia will advise you of the outcome of your application via email.

## 10. SUCCESSFUL GRANT APPLICATIONS

If you are successful, you will be notified by Sport Australia. This notification will confirm you have met the requirements for a grant. It will also set out:

- terms and conditions
- parameters
- eligible expenditure.

### 10.1 PROGRAM DELIVERY AND PARAMETERS

Schools are required to use the grant only for permitted activities (e.g. program delivery and associated costs) within the approved funding period under Sporting Schools and for no other purpose. Expenditure of funds or program delivery cannot be rolled over to another school term (funding period).

The parameters help to describe the characteristics of required activities for schools participating in Sporting Schools. All schools which receive Sporting Schools funding are required to comply with the following parameters\*:

- Deliver a minimum of one **Sporting Schools partner sport** within the approved funding period
- Provide Sporting Schools programs as a free service. Schools must not request payment from children or families to participate in activities under Sporting Schools
- Provide Sporting Schools programs as complementary to existing sport and physical education curriculum delivery

- Deliver a Sporting Schools partner sport program, with a minimum of four sessions, which apply the Playing for Life key principles:
  - Each session must:
    - > have the same participants taking part
    - > have a minimum of 10 participants
    - > engage participants of all abilities; and
    - > actively engage participants for the duration of the session (i.e. 45–60 minutes of activity).
- Ensure active supervision is provided for activities under Sporting Schools in addition to the coach
- Deliver activities under Sporting Schools to the number of participants identified in the approved grant application
- Spend funding on Sporting Schools activities and supported costs only within the approved funding period (school term)
- Deliver the program before, during or after school, during the nominated funding period (school term)
- Comply with Sport Australia's financial declaration (acquittal) and reporting requirements.

Sport Australia has partnered with more than 35 NSOs to deliver Sporting Schools programs across Australia. Our partner NSOs offer developmentally appropriate and curriculum-aligned programs for children designed specifically for the school environment. They also provide quality delivery resources and professional development for teachers to support teacher delivery.

Schools can use their site account to login to the online Sporting Schools portal to access coach and teacher-delivered sport packages in the booking system, and make bookings with partner NSOs and their approved organisations. Each sport package on offer meets the minimum number of sessions and participants required by Sporting Schools and each coach accessible through the booking system meets all coaching requirements, including a valid working with children check.

\*Note that schools with less than 10 students can still apply. Delivery equivalent to 3–4 hours per participant is supported where school or program delivery location requires intensive delivery.

Due to exceptional circumstances (such as the Covid-19 pandemic resulting in extended school closure or other circumstances approved by Sport Australia), schools may have an Exceptional Circumstances Activity Plan approved if they are unable to deliver a program within the funding period.

Full details of the school's obligations can be found in the **parameters** and **terms and conditions** on the Sporting Schools website.

## 10.2 SPECIFIC LEGISLATION, POLICIES AND INDUSTRY STANDARDS.

While you are required to be compliant with all relevant laws and regulations, you may be asked to demonstrate compliance with child protection legislation, policies and/or industry standards.

Sport Australia is committed to the safety of children as outlined in the Child Safe Commitment Statement and **Child Safe Policy**.

Partner NSOs are recognised by Sport Australia and required to adopt, implement and enforce policies that support safe environments for children that are compliant with relevant child protection legislation.

As detailed in the **terms and conditions**, schools which receive funding are required to:

- comply with relevant legislation relating to working or volunteering with children
- ensure working with children checks are obtained where required and remain current
- implement the **National Principles for Child Safe Organisations**
- identify and manage the risk of harm or abuse to children
- provide training and implement a compliance regime for people working with children
- notify Sport Australia if there is a failure to comply with expectations
- impose the same child safety obligations on subcontractors (e.g. coaches).

## 10.3 HOW SPORT AUSTRALIA PAYS THE GRANT

Each grant will be paid in a single instalment.

Sport Australia will transfer all grant funding electronically into the school's nominated Australian bank account, or shared services account for government schools in NSW and WA.

## 10.4 GRANT PAYMENTS AND GST

If the school is required to be registered for GST and is not a 'government related entity' as defined in A New Tax System (Goods and Services Tax) Act 1999 (Cth):

- the grant will be increased by the prevailing rate of GST; and
- under the terms and conditions, the school authorises Sport Australia to issue a Recipient-created tax invoice with respect to the grant on the school's behalf.

## 11. ANNOUNCEMENT OF GRANTS

Successful schools will be listed on the [Sport Australia website](#) after the grant has been paid.

## 12. HOW SPORT AUSTRALIA MONITORS YOUR GRANT ACTIVITY

Schools must complete any information and reporting regarding the delivery of Sporting Schools programs in accordance with the terms and conditions.

Details required for reporting include:

- grant expenditure and evidence
- total number and demographic information of students engaged
- confirmation and details of program delivery
- coach/es engaged to deliver the program.

### 12.1 ACQUITTAL

Schools are required to complete an online acquittal via the Sporting Schools portal each term, including evidence of expenditure and program delivery.

On submission of your acquittal, you will receive an email confirming your acquittal has been submitted successfully and a summary of your submission.

Acquittal submissions will be assessed, and schools will be notified of the outcome via email.

Schools may be invoiced and asked to return any residual funds. If a school disagrees with an acquittal outcome, such as expenses that have been rejected, schools can email [info@sportingschools.gov.au](mailto:info@sportingschools.gov.au) and ask for the acquittal to be reviewed.

Failure to submit an acquittal may result in the school being required to repay the full grant amount.

Amendments to acquittals will only be accepted within 6 months of the end of the approved funding period.

### 12.2 PROGRAM DELIVERY SURVEY

Where a school receives funding, a program delivery survey will be required to be submitted by the school at the end of the term [funding period].

### 12.3 EVALUATION

Sport Australia will evaluate the grant program to measure how well the outcomes and objectives have been achieved.

Sport Australia may use information from your application, acquittal and program delivery survey for this purpose. We may also interview relevant people at your school or ask for more information to help us understand how the grant impacted your school community and to evaluate how effective it was in achieving its objectives.

### 12.4 ACKNOWLEDGEMENT

Schools and other parties must seek and receive written approval from Sport Australia before making any public announcements about Sporting Schools funding or promoting related activities.

Where possible, acknowledge the Australian Government as follows:

‘Sporting Schools is an Australian Government initiative’.
